Your position on the matter Oppose  
Representing Self  
Organization  
Do you wish to speak at the hearing? No

Aloha,

I am deeply opposed to the rail construction and feel it should be totally shut down due to the sinkholes and under ground rivers of high archaeological, ecological value to my family who resided traditionally in the Ewa plains on perpetually owned kuleana lands. The situation can be catastrophic if the rail pillars collapse into a sinkhole. Everyone under it on Farrington Hwy will be in grave danger. The Navy did a study about the sacredness of the area when they decided to build a dock years ago on the sacred home of the shark goddess Kaahupahau. She broke up their doc which they acknowledged it to be her. Now her caverns will be covered and collapsed due to a mile stretch of epic failure. Since the water can't be stopped underground it will puddle and that is why the sinkholes are occurring. Stop feeding the rail "any" money.

Written  
Testimony

I do not agree with desecration of some of the best farm lands for a rail system that has been notorious for costing tax payers more money that will transfer to our children.

I'm especially concerned about the damage to other islands in trying to generate and transferred to O'ahu via undersea cable and geothermal chemical activities.

Stop rail now. We are tired of the corruption with the contractors and their friends in politics.

Mahalo!

Anna
